Omar Salih

Amanda Gorham

The Weingarten is required to have at least a single device with internet which utilizes one of the following Web Browsers. There is no specific operating system requirement to access the application. At the minimum a MySQL enabled website hosting service will be required to host the application. Another option may be to build a server and host the application at The Weingarten. To maintain bookings, a Gmail email account, will be required, that is registered to the reservations account Google Calendar.

Components for Users	Requirements
Supported Web Browsers	● Safari version 6.1+ ● Firefox version 18.0+ ● Chrome version 21.0+
Additional	No End-User systems requirements
